Learn Italian in Sardinia – October 2024

Small group, experiential travel at its best, this tour is for people who love Italy, and who want to learn Italian or improve their Italian language proficiency. Italian language beginners are very welcome.

Cagliari, the One World School of Italian and unexplored Sardinia are waiting. Over three fabulous weeks, you will be immersed in the Italian language surrounded by the history and culture of Cagliari and the wild beauty of Sardinia.

A deposit of \$550 will reserve your place. While the worst of the COVID-19 pandemic seems to have passed, its impact on the cost of air travel is still being felt which means we can't be 100% sure how long the above price will hold firm. Payment in full will guarantee the above price. See PAYMENT OPTIONS below for more information. An additional checked baggage fee per 23 kg suitcase of €50-€60 may apply on internal ITA Airways (formerly Alitalia) flights. Axis Travel will advise.

PLEASE NOTE: *To be included in the group you must be fully vaccinated for COVID-19 with a minimum of two primary vaccinations and at least one booster.*

Free time

There is actually plenty of free time with many days off, including most afternoons and weekends. Lessons are held Monday to Friday from 9.00am to 1.00pm with excursions in the afternoons. The program is very flexible and there is plenty to do. Take a weekend off and fly in Venice, Rome, Milan or one of over 30 European destinations. Hire a car and explore Sardinia some more. Or just take it easy in beautiful Cagliari.

Cost of living

Sardinia is still a very affordable place to visit – for example you can buy a pizza and beer for around €15 (about \$25). You can live quite comfortably on \$AU100 – \$AU150 per day.

The itinerary allows for three weeks in Cagliari, departing from Rome on Saturday 26 October, and arriving back in Australia on Sunday 27 October. The basic package includes a return airfare to Italy, and flights from Rome to Cagliari on Saturday 5 October and back to Rome on Saturday 26 October at the end of the tour.

More travel before or after Sardinia

This is a suggested itinerary only. Arrival and departure dates are flexible so long as you are in Cagliari for the package dates. If you would like to vary your arrival/departure dates and destinations simply let Axis Travel know what you would like to do. The professional staff at Axis Travel Centre will assist and guide you, then build the package and give you a quote.

Booking and Payment

The Cagliari package is conditional on using Axis Travel for flights as part of our group booking. Exact costs will be quoted to each before monies requested. A copy of your valid passport is required before booking.

The sooner you commit and pay the better. High demand, increasing airfares and fluctuating exchange rates are putting pressure on prices. See Payment Options below on how to lock in the price and avoid price prices. Once tickets are paid for, strict amendment and cancellation fees apply. These will be detailed to you before you commit.

How to Pay

Axis Travel Centre accepts payment by credit card, bank transfer or in cash.

As an additional layer of security, you should strongly consider paying by credit card. If payments for travel components need to be reversed, this can only be done if you have paid by credit card. Reversal is not available for bank transfer or cash payments. Axis Travel Centre conditions and fees are applicable on all forms of payments. Ask Axis for details or see them on www.axistravel.com.au website.

Credit card payments attract transaction fees (Visa and MasterCard 1.8%, American Express 2.2%) while bank transfers and cash do not.

Payment Options

Option 1: Pay in full – Pay the full amount up-front with no more to pay. Air and land are paid in full.

Option 2: The 50% plan – Pay 50% of the package price upfront with the remainder payable 90 days before departure. This option means you can join the tour, lock in half of the package price and have more time to pay should you need it. However, changes to exchange rates, school charges and other factors may lead to an increase in the remaining 50% so the sooner you finalise your payment the better. Should the price go up, the maximum increase will be capped at 5% of the outstanding balance.

Option 3: Deposit now, balance later – Pay a deposit of \$550 to hold your place on flights and the tour. However, costs may vary until your final payment is made. Changes to exchange rates, fares, fuel levies, security, and airport charges, and the availability of seats on flights can all increase the costs. Your deposit secures your and will be deducted from the final balance. Once the balance is paid the price is locked in as per the package price applicable on that day. Deposits are non-refundable as are all paid package costs.

If you can afford a little luxury, talk to Axis Travel Centre about upgrading to Business or First Class.

COVID-19 – What have we learned?

The COVID-19 coronavirus caused disruption on a global scale with major problems in travel, tourism and many other sectors of the world's economy.

It seems the worst effects of the pandemic have passed and life is returning to normal. Planes are flying again, cruise ships are sailing again, and people have started travelling again. So, what lessons did I learn from COVID-19 and what advice would I give to someone about to travel.

1. Use an accredited travel agent to organise your travel

The internet has made it a breeze for anyone to book and pay for their travel online. It's great fun playing travel agent and finding that absolute bargain, be it an airfare, accommodation, insurance, or a tour. It's so easy. What could possibly go wrong? Well, how about natural disasters, political and social unrest, airline bankruptcy, and of course COVID-19 just to name a few. These things are thankfully rare but if they do happen while you are overseas or about to travel, then you'll need all the help you can get and a good travel agent is hard to beat.

Once it was clear that the May 2020 trip would have to be cancelled, Max Najar of Axis Travel Centre and I were in constant contact with the singular aim of making sure that all of our clients would be looked after and would be out of pocket as little as possible as a result of the cancellation.

All our clients who booked their travel and insurance with Axis had low or no out of pocket costs. Those who did not book their travel and/or insurance with Axis also had their out-of-pocket costs kept as low as possible but they were on their own to deal with whoever they booked their travel with, and with their insurance company if they had to make a claim. At all times we made sure that everyone was kept fully informed of what was happening and what they had to do to minimise any losses.

By all means use the internet to do your research, however using an accredited travel agent adds a very important layer of professional service, security, human contact and access to quality insurance to protect you in case of unforeseeable catastrophic events.

2. Make sure you have good travel insurance

Our experience following the cancellation of the May 2020 tour during the COVID-19 virus outbreak is very clear. Quality travel insurance is absolutely essential. You are strongly urged to purchase your insurance from Axis Travel and at the time you pay your deposit. Some policies will not protect you if taken out after you have paid for your travel. By all means shop around but make sure you know what you are buying.

There are many unforeseeable things that can seriously disrupt your travel plans and cause havoc. Besides COVID-19 there can be flight disruptions and cancellations, strikes, volcanoes, inclement weather, missed connections, health issues and more; all of which need to be considered when taking out travel insurance cover. When the unforeseen does happen what you need most is human support, empathy and efficiency to assist you when you need it. Axis Travel Centre is proud of the personal advice and support it provides to all its customers. For real life examples see the ["TESTIMONIALS"](#) via the Axis Travel Centre website.

Axis Travel Centre offers quality policies, usually with no or a small policy excess payable on claims. If pre-existing medical conditions apply, they will also assist you with your application. In the event of you having to make a claim, they will assist you with all the paperwork.

Cheap products including those linked with some credit cards are to be avoided and in the event of having to make a claim, you will be on your own. A low price will almost certainly mean significant claim limits and exclusions including not covering pandemics and epidemics. You should carefully read the PDS (Product Disclosure Statement) of the policy you intend to buy so you know exactly what it covers. Axis Travel Centre will advise and assist you with any policy purchased through them.

You are spending thousands of dollars on the holiday of a lifetime. So why risk all that money by skimping on insurance? It does not make sense and if something does go wrong, it will almost certainly be a case of false economy.

Thank you
